I got lot of knowledge from experienced teachers

We hope for best and experienced teachers in this institution

Industrial exposure to attain the practical knowledge

Thank you

Thank you

Nice

Provide Competitive books

Need to provide necessary facilities to improve our skills and techniques towards particular profession

Provide good publications in library

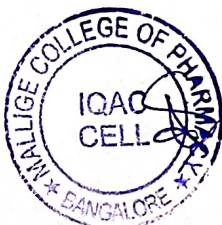

Provide some guidelines and books for competitive exams

We want more books in library

Interdisciplinary Education should be implemented

May everything be successful.

May be everything will be fine.

Provide sufficient books to study

Provide competitive books

Wish to get more guidance towards competitive exams and employment awareness in the field of pharmacy.

Syllabus could have been included with more practical knowledge and applicable knowledge to develop skill that would actually fetch a job.

No comments

Suitability of curriculum on developing skills need be improve more

After completing the course, the knowledge should be beneficial to our society

Educative

Good

Should avail canteen facility

Interdisciplinary Education

Well all have good opinion

Requested for teaching "What should be done(First aid)in any medical emergency as a health care professional ? "

Good teaching

We would like our syllabus to be finished within the suitable time so that we can prepare for our finals

NIL

It's good

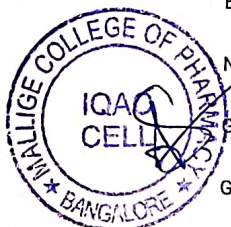

The environment provided for all skills improvement via syllabus is exceptionally well! But overall development of a student must be concentrated much. Sports and fun activities should be encouraged for mental and physical improvement of students. Importantly the classes conducted are very good, but there no required number of classes conducted so far, and this must be seriously taken care. Faculties here are encouraging and good in their theory and technical skills, and many more such facilities are required. There is been so many classes missed just because of lack of faculties or exam purposes, and this should be resolved as soon as possible.

Highly informative.

Need more improvement

None

Everything is better

To support the society with all the other aspects many more modern and newly developed techniques has to be learned the syllabus of PharmD is more theory based but in a medical

field to gain knowledge students need more practical exposure

Nicely teaching and interaction with students is going on

Nope

No

Should available Library books

N

Just provide pharmacology of drugs which have to be studied.

Tutors are really good

Good teachers

Syllabus has to be covered in proper time

I suggest teachers to share updated concepts also apart syllabus which is not covered.

Overall everything is fine.

Insufficient books available in library

....

BEST COLLEGE

Keep large amount of sufficient text book

No Comments!

Pharmd is such a good course with very less employability
